Final Note by the First Member of Council.

Subject:—

Appointment of non-official gentlemen as Presidents of District Boards.

Under His Highness' gracious order of the 25th September 1922 the Bangalore District Board was empowered to elect its President and for each of the Kolar and Hassan District Boards a non-official member was nominated by the Government as President of the Board. In Government Order No. Camp 1-72/L.B. dated 2nd October 1922 issued in the matter it was stated that "after watching how the new scheme works for some time Government will be glad to consider the desirability of extending it to other Districts as well".

The Kolar and Hassan District Boards have requested that the power of electing the President may be extended to them also as in the case of the Bangalore District Board.

While discussing the measures to be taken for introducing the Mysore District Boards Regulation into the Districts at the meeting of the Deputy Commissioners and Select Heads of Departments held in June 1926 the Deputy Commissioners of Districts recommended that it was desirable that all the non-official Presidents should be elected ~~and nominated by Government~~ after the new Regulation is introduced.

The matter was considered in Council on the 8th instant when it was resolved that the District Boards of Kolar and Hassan may be allowed to elect their Presidents as in Bangalore.

I beg that the Resolution of the Council may be graciously approved. The cases of the remaining five District Boards will be considered in due course.

Non-official Presidents for
Local Boards.

15

At the meeting of the Legislative Council held on 27th June 1922 Mr.D. Venkatesaiya moved a resolution to the following effect :-

" That with a view to increase the popular element and efficiency of the Local Boards, this Council recommends to Government, that the several Taluk and District Boards in the State, may be empowered to elect their own Presidents from among their Non-official members."

This resolution was accepted by the House with the addition of the words " as far as, and as soon as possible".

The Deputy Commissioners of Districts were thereupon requested to submit their proposals, specifying the local bodies to which the right of electing their Presidents might be granted.

The Deputy Commissioners of Bangalore Shimoga and Chitaldrug Districts reported that there was difficulty of finding competent men to take up the posts in Taluk Head quarters, that the elected Vice-Presidents of the Local Boards with a few exception were not taking any lively interest in the work of the Boards, that the non-official members had not developed a sense of united responsibility and it was therefore too early to concede the right in question. They considered

that the Amildars who are the Presidents of Taluk Boards may continue as such for sometime to come.

The Deputy Commissioners of Mysore Tumkur and Hassan Districts stated that the system could not be generally adopted in all the Taluks of the District as competent men were not to be found all over, and as such the privilege may be conferred only on select Taluk Boards where competent men could be secured; but the non-official Presidents may be nominated in the first instance. They suggested that this might be tried in the marginally noted places. The Deputy Commissioner, Tumkur ^{also} recommended the grant of the privilege of electing their President to the Tumkur District Board.

6 The Deputy Commissioner of Kolar District forwarded the letter of the President District Board, and did not say anything either for or against the proposal. As could be seen from the President's letter, only six Taluk Boards expressed their willingness to have non-official Presidents and the rest were against the proposal one way or the other, but the District Board resolved in their meeting held on 3rd August 1923 that the privilege of electing non-official Presidents, may be conceded to the Taluk Boards.

7 The Deputy Commissioner, Kadur

17

Kadur District stated that definite proposals could be sent only, when *any* Local Body ~~came~~ ^{came} forward with such a request.

8 It was ordered on 24th January 1924 that these proposals might await orders on the Local Self Government Scheme. *The question of election of Presidents to Taluk Boards does not arise now.*

9 In G.O.No.L.1-72/L.B.2-10-22 dated 2nd October 1922 Government however sanctioned the appointment of non-official Presidents for the Bangalore, Kolar and Hassan District Boards for the first, by election and *for* the latter two by nomination, and stated that they would consider the desirability of extending this to other Districts after watching the working of the scheme for some time.

10 In December 1925, the Hassan District Board requested that they may be given the privilege of electing ~~the~~ ^{their} President as in Bangalore.

11 The First Member wanted that the provisions of the New Bills should be examined with regard to the powers of Government control and for prevention of conflict between Deputy Commissioner and the President, and the President setting himself up as an independent rival authority.

12 The Local and Legislative Secretary has opined that there are sufficient safeguards against abuse of powers by Presidents, and the

8

question of having elected Presidents might be considered. The opinion of the Deputy Commissioner, Hassan was called upon therefore on the proposal of the Hassan District Board. He has replied to say that after careful consideration he is for throwing the Presidentship ^{open} ~~upon~~ for election.

13 The District Board of Kolar has also asked that the Board be given the right of electing their Presidents and the Deputy Commissioner has agreed to the grant of this privilege to ^{the} ~~these~~ District Board.

14 The question was also considered at the meeting of the Deputy Commissioners of Districts held in June last. They are of opinion that it is desirable that all non-official Presidents should be elected, and not nominated by Government, after the introduction of the New Regulation.

1 This is for consideration. But the question of having an elected President for the Mysore District Board will have perhaps to be decided after consulting the wishes of His Highness.

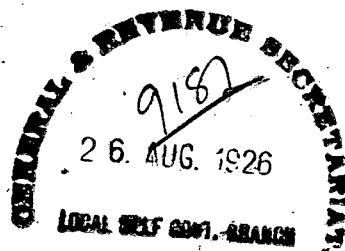

15 As the K.G.F. Sanitary Board, is formed under the provisions of the Mysore Mines Regulation, the question of having an elected President for the Board need not perhaps be taken up when dealing with the Boards coming under the District Board Regulation.

Sir,

I have the honor to invite attention to the fact that I served on the District Board of Hassan as the first elected Honorary Vice-President from December 1919 to the end of November 1922, my humble self being the only candidate that stood up for election for the Vice-Presidency, expressing not my desire, but only my willingness to be elected, and that, not in competition with any body else. On the reconstitution of the District Board from 1st December 1922 -- Government were pleased not only to extend the privilege of non-official Presidency to this District Board but also to nominate me as the first Honorary President thereof. The usual term of three years is now over; and the extended term of this District Board, and along with it, my Presidency, expires by the end of March next.

2. With a view to further democratize the constitution of this District Board by securing to it the privilege of electing its own Honorary President, I myself placed before the House, a proposition that the Board might approach the Government with a request that the privilege of electing its own President may be conceded to the Board. There was a lively discussion, and only one member Mr. Hal Venkataramiah expressed himself against the proposition observing

32. Question of approaching Government with a request that the District Board of Hassan may be allowed the privilege of electing its own non-official President.

Mr. Malali Venkataramiah proposes that the existing system of the President, being nominated by Government may continue for the reason that Deputy Commissioner and the nominated President may work in co-operation with each other.

Revd. Father Meyniel, seconds this proposition.

The proposition was put to vote and none voted for it except the proposer and the seconder.

The majority of the other members voted in favour of the privilege of election being granted to this Board, some being neutral.

Resolution. The proposition to approach Government with a request that this Board may be given the privilege of electing its own President was carried.
